Dear Parent/Guardian:

Roughly a year ago, the Jackson Police Department implemented a new program geared toward better serving the citizens of Jackson County who struggle to communicate their name and address in the event they become lost or disoriented. This program, "Take Me Home", is a free county-wide service. All enrollment information for "Take Me Home" is housed in a secure database accessible only to law enforcement personnel for the purpose of quickly reconnecting a lost individual with their parent or guardian.

I encourage any parents or caregivers who could benefit from this program to complete an enrollment form on our website (<http://www.cityofjackson.org/985/Take-Me-Home>). If you have any questions regarding the details of this service, please contact my secretary, Julie Sherman, at jsherman@cityofjackson.org or 517-768-8731.

Sincerely,

Elmer J. Hitt
Director of Police and Fire Services
