Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2022-2023 educational progress for East Jackson WAY Program. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Principal Jeff Punches for assistance.

The AER is available for you to review electronically by visiting the following web site [2023 AER Letter](#), or you may review a copy in the main office at your child's school.

For the 2022-23 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was identified as a "HAS NOT BEEN GIVEN OF THESE LABELS."

We strive to provide an educational experience that is based on student academic achievement and career preparation. We continue to focus on data-driven instruction to increase student achievement.

State law requires that we also report additional information.
